A baby's on the way, and you want to give something personal, something truly of yourself. The solution: Sit down and knit a jaunty cap or some fun booties for baby's sweet little feet. New parents will treasure any of the adorable projects in **KNIT BABY HEAD & TOES!**. This attractive, die-cut, how-to book contains 15 patterns for baby blankets. **KNIT BABY HEAD & TOES!** is written with the beginning or occasional knitter in mind. All instructions are in plain English - abbreviations are kept to a minimum, and all terms are thoroughly explained. Plus, the unique color-coded column format makes it easy for knitters to follow the instructions for the size of their knitted item. **KNIT BABY HEAD & TOES!** features patterns from a wide range of knitting designers in the United States and Canada, and is packed with practical information, including advice on which yarns are most suitable for baby knits - soft cottons, chenilles, and warm, machine-washable wools. The book also includes a felted knitting project; felting is a hot technique that produces soft, cozy, unusual items that knitters everywhere are enjoying. The styles range from traditional to hip, from whimsical to bold, and all are adorable!
