

## Absolute Grace

In the not-so-distant future, the struggle between good and evil is about to come to a head, and Grace Christiansen finds herself at the center of the battle. She acquires inexplicable abilities that she has no control over, leaving her longing for the nurture and counsel of her mother who disappeared a decade ago. When the danger lands right on her doorstep, Grace's strength and courage are tested as she struggles to help the Protectors and the Irin locate and destroy the prophesied Dark One before he can be found and exploited by Abigor and his minions, the Grigori.
