

The Chernobyl disaster opened a rift in reality that allowed two humanoid races who were in conflict, the Mineans and Dayaks, to enter the Earth. Nevertheless, one faction of the government was aware of this war and tried to take advantage of the situation. Meanwhile, the 2 protagonists, Andromeda Weaver, a genetist working for the government and Lucien Barnes, an unscrupulous mercenary, are caught up in this conflict between the races, Lucien being transformed in the hero of Ascension. Petra holds the pages, and Lucien and Andromeda find themselves caught in the middle.
