

Dagger Key: And Other Stories

Lucius Shepard is a grand master of dark fantasy, famed for his baroque yet utterly contemporary visions of existential subversion and hallucinatory collapse. In *Dagger Key*, his fifth major story collection, Shepard confronts hard-bitten loners and self-deceiving operators with the shadowy emptiness within themselves and the insinuating darkness without, to ends sardonic and terrifying. The stories in this book, including six novellas, are: *Stars Seen Through Stone* - in a small Pennsylvania town, mediocrity suddenly blossoms into genius; but at what terrible cost? *Emerald Street Expansions* - in near-future Seattle, echoes of the life of a medieval French poet hint at either reincarnation or a dire conspiracy. *Limbo* - a retired criminal on the run from the Mafia encounters ghosts, and much worse, on the shores of a haunted lake. *Liars House* - in the grip of the legendary dragon Griaule, destiny is a treacherous and transformative thing. *Dead Monty* - a small-time New Orleans criminal ventures outside his proper territory, and poker and voodoo conspire to bring him down. *Dinner at Baldassaros* - a gang of immortals debates the future in an Italian resort, only for events to outrun any of their expectations. *Abimagique* - a glib college loser falls in love with a witch, becoming an involuntary part of a world-saving - or world-destroying - magical ritual. *The Lepidopertrist* - a small boy on a Caribbean island witnesses the creation of preternatural beings by a Yankee wizard... *Dagger Key* - off the coast of Belize, the ghost of a famous pirate seems to control a spiral of murder and intrigue; or is someone else responsible?
