

For All in the Hope (Going off Dreams) (Volume 2)

Eryns life would be simpler if she could be the protective older sister and go about a normal life within a realm that she knows and understands. As Nyx an immortal deity, she has powers even the wisest among them fear. They are hesitant to let her rescue Tobar, the one man she couldnt live without. Conflict arises as Eryn has to come to grips with her new identity as Nyx leaving what she knows behind. Could her past on Earth affect her future within the new realms with the entities she loves the most? Book two of the Going off Dreams saga follows Ny as she evolves into a powerful being, through sacrifices and her altruistic characteristics as she races to rescue Tobar from the clutches of the maniacal Xylo, the Woodland Dryad who is working for a more sinister identity. The quest continues with her troupe of flirtatious Shifters, Elementals, the intellectual and magical Witches and Wizards, and introducing the Hollow Seraphs - a group of mischievous Angels.
