

## Sword and Chant

The Iyah of Calligar, conqueror of Kennem, is dead. One assassin knows why. Shala has hidden from assassins all her life, but the Iyahs murder demands she leave the shadows. She is one of three surviving Swordsdescendant of those who cast a blood-hungry god into exile generations ago, now compelled to protect Calligar from the Chants return despite her hatred of the Iyahs warlord son. Jaynes honed his battle-skills on the Kennem border, ruthless in his determination to control the lands his father conquered. He will see the Kennem rebels he believes killed the Iyah slain, no matter the cost. But Jaynes doesnt know every battlefield death feeds the Chant. And Shala doesnt know the Chants assassin is coming for her. That assassin no longer knows his own name, but knows the Swords must become the Chants feasta sacrifice of blood sung sweet by his own yearning to be free of the compulsion that has ruled him for twenty-four years, eight months, and seventeen days.
