

## Tales of Tellos #2

Written by Todd Dezago. Illustrated by Ciro Tota, Bruno Bessadi. The Concept: Journey back to the magical world of Tellos in an all-new anthology series that offers thrills, mayhem and surprises while planting the seeds for TELLOS: SECOND COMING, the new storyline due out in early 2005! This Issue: ...brings you three behind-the-scenes and in-between tales of Tellos revealing answers to some of the mysteries from the original award-winning TELLOS series! First, TODD DEZAGO teams up with renowned French artist CIRO TOTA (Photonik, Aquablue) for The Mage of Shades to reveal where the legendary Thomastharustra was during Jareks final confrontation with the dread Malesur. Next, a pantomimed (and somewhat bloody) profile of the warrior Koj, with art by the highly acclaimed BRUNO BESSADI (Zorn and Dirna). And finally, part one of The Legend of Oge KTion as TODD DEZAGO and Belgian artist MAURICET bring to you the rather violent origins of the Warrior of the Light, the DJinn from Jareks Amulet. All this and a pin-up by New Mutants and Impulse Artist CARLO BARBERI! This volume, as well as issues 1 and 3, is captured between a beautiful full-color cover by the lovely and talented TELLOS co-creator MIKE WIERINGO. You dont wanna miss that!
