

## BLOODRUNNERS: Chaos Agents Book 2

BLOOD RUNNERS: CHAOS AGENTS picks right up from where BLOOD RUNNERS: ABSOLUTION left off. The two young heroes from Book 1 are alive, but injured, after escaping from Longman Heller, the brutal dictator of New Chicago. After slipping under the city's massive wall, they're forced to take refuge in a quarantined zone, a forbidden no man's land overrun by flesh-hungry creatures called Threshers. Barely surviving, they're rescued by a disparate group of survivors who are foraging for supplies. Taken back to the survivors' boat, the heroes volunteer to help the survivors find a rumored cache of weapons, but their plan is soon uncovered by Longman who sends his assassins to hunt them down. After a brutal fight, some of the survivors are kidnapped and taken back to New Chicago which forces the heroes and the others to decide whether to flee, or launch an all-out assault on the dictator and his army.
