

## Relationship Skills To Save Your Marriage: The Pocket Therapist Series

Marriages need an understanding of the partners. In any marriage there are inherent stresses and problems. Two people may be committed to each other, yet still not understand each others needs. They may face many challenges work, family commitments, children, affairs, etc. Initially things may be cool but without coming to terms with the situation, it may tend to escalate and Divorce becomes a viable option. Often some partners seek new relationships, only to find that the same problems eventually surface. By using the learning and the techniques in this book, they could be fixing this one instead! Childhood traumas, cultural differences, aging there are many factors contributing to marital stresses. This book not only deals with these problems but also offers a pathway of hope.
