

# Trin

In a future where outposts swelter beneath a nuclear sun and run-gunners patrol dusty wastelands to protect against winged creatures known as devlars, Trin is the mech at the waystation in Arens. He has a thing for the gunners: rough men with strong hands and hard bodies, who roll through his garage like the hot desert wind.

Gerricks the best gunner around, a quick draw with a deadly aim and a penchant for sharing his pallet with young men. He has a roving eye and roaming hands, and has left a string of broken hearts in his wake. Having heard the tales of Gerricks bravery and seen the man in action for himself, Trin has fallen in love with the man he believes Gerrick to be, and hes sure he can change the gunners mind if given the chance. Gerricks all he wants out of this blasted world, and he tells anyone who will listen. Then Gerrick rides through Arens. Hes heard the rumors of what Trin will do for a gunner who only mentions his name. What he wants to know is, what will Trin do for him?
