

Imagine: A 21-Day Creativity Enhancing Mental Program To Jumpstart Your Brain!

Creativity is the ability to generate choices, alternatives, and ideas to solve problems or exploit opportunities in ways that are BOTH novel AND effective. In this action oriented and straight to the point e-pamphlet that should take you less than 10 minutes to read BUT that require 21 growth-filled days of dedicated implementation on your part - you will learn the NUMBER ONE secret shared by some of history's most creative people. More importantly, you will learn how to think like they think. The purely SUBJECTIVE mental imagery method that you will learn here is so simple, even the most primitive BUT creative cavemen and cave chicks probably used it to come up with some highly innovative solutions to their daily challenges.
