

Last Man Alive Wins 2: Kill or Be Killed (#2) (Party Game Society)

The power has just gone out on a remote tropical resort somewhere in the southern hemisphere. Its been 24 hours since this horrific event began and already one person has mysteriously disappeared during the night. Everyone is a little on edge, and some people are turning down right crazy, maybe a little too crazy... Due to this now chaotic situation emerging, a new breed overly paranoid freaks and crazy folk have emerged. Will this be the end of the average tourist? Or will the normal folk rise up and somehow bring peace and justice back to the island, one way or another In Last Man Alive WINS 2: Kill or Be Killed, things take a turn for the worse, a lot worse. A new breed of crazy has emerged with additional new characters added such as the Axe Murderer With things getting heated the solution seems to be simple KILL OR BE KILLED. Special Note: This Party Game is a standalone expansion and includes a full newly updated manual. The full version of Last Man Alive #1 is included, in addition to having several new characters added. If you have or intended to purchase this game, it is NOT required that you purchase the original.
