

## Shame About Ray (Short Stories for America)

Shame About Ray, the second in Marty Barretts Short Stories for America trilogy, follows our protagonist, Universal Ray, through 30 adventures in work, love, and regret. Lots of regret. Continuing the journey through an aging pop culture dystopia begun in Radio Edit (Meet the new boss of modern Americana storytelling, reads one Amazon review), Shame About Ray narrows the focus but expands the scope, following Ray from the beginning of time to the end of the world.
