

Folkd (Folkd Trilogy)

In Folkd, Irish mythology meets urban fantasy: the result is a funny, gripping and unique novel that you won't be able to put down. Things haven't gone to plan for Danny Morrigan. At twenty-three, he's given up university and taken a dead-end job in a call centre to support his girlfriend and their new baby. It's not the life that he had envisaged. But you should be careful of wishing things had gone differently. The grass isn't always greener on the Other Side. Book one of the Folkd Trilogy
