

Fading Howl: Book One of the Scarred Nightmare Series

A shadowy figure in a mask and cloak, with large, golden-yellow eyes, and abilities that seem demonic, is on the loose. His purpose is unknown, but reports have mentioned his targets are criminals who manage to escape the law. To what end? Where did he come from? Is this figure a villain eliminating any possible competition? Or a dark avenger who is unleashing a personal war against the criminals of society?
