

Phate: The Cosmic Fairy Tale

In the far distant future, in a forsaken galaxy of dying stars, the last great war between good and evil erupts when Nenockra Rool, the Devil King of the Dark Forever, attacks the haunted world of Phate. Overwhelmed by the Devil Kings vast legions, the cosmic guardians of the universe call upon Drinwor Fang, a young dusk elf deemed the Son and Savior of the Stars. But before he can defend the forces of light, Drinwor must elude the clutches of an even more despicable fiend than the Devil King... Enter Warloove, the vampire lord of the dark elves, whos mysteriously obsessed with stealing Drinwors sacred sunsword. His apparitional cloak of smoke swirling about him, his eyes burning yellow with hate, Warloove mounts his massive demonic dragon and chases Drinwor across the sorcerously destroyed landscapes of Phate. On the verge of giving in to fear, Drinwor is mercifully joined by the wise and compassionate Mornings Hope, an ancient greater translucent dragon whos sworn to protect and guide him on his quest to imbue the sunsword with a soul. Also accompanying him is Vu Verian, the last of the sky elves, and Morigos, a crooked, sarcastic mage whose loyalty strays from light to dark. Together the group races to the Hall of Voices, where Drinwor will face his ultimate destiny. But with Warloove closing in, and five hundred thousand volcanic spirit dragons rising into battle before Nenockra Rool can scatter his billion demons into the stars, Drinwor learns the most terrible truth of all: if he is to save eternity from suffering the savage onslaught of the Dark Forever, the sunsword will demand the sacrifice of his world, his life, and his soul... One Life, One Soul, One Sword Welcome to Phate, The Cosmic Fairy Tale, a story of warriors from the stars, of palaces in devastated skies, where emotions and imaginations run high, and dragons and starships mingle with angels and demons in a universe
