

## Prince Kristians Honor: Book One of The Erinia Saga

Kristian, the unruly and detested prince of Erand, has been promised in marriage to Allisia, the princess of Duellr. Kristian is completely against his betrothal until he meets the lovely princess days before their wedding. He begins to think that maybe, with her help, he can change his ways and become the man everyone expects him to be. Meanwhile, Ferral, the mad sorcerer-king of Belarn, raises a demon from Hell to destroy both ruling families in one swift attack. At the same time, Allisia disappears and Kristian raises an army to find her and bring Ferral to justice. Nothing goes as planned. As Kristian realizes his mistakes and their catastrophic consequences, he must start over to prove his worth and obtain his mens respect, Allisias love, and his honor.
