

G.E.N.I. Genetically Enhanced Natural Intelligence

In the Norwegian mountains, terrorists are holding twenty-three people hostage inside an abandoned shooting range. The Dragons, a secret U.S. special unit led by the enigmatic Maj. Zainal Emassi, have been sent to get them out. As a Genetically Enhanced Natural Intelligence being, the Major has a few abnormal features, a bonus in his line of work. The rescue turns out to be an elaborate ruse to capture him. And, while the rest of his team escapes the terrorists, he is tortured and left for dead. Tac-Ops race to save his life, searching for clues to who the terrorists are, and what they want. And, how did they know about the Dragons?
