

## Raspberry Beret Knitting Pattern

This lovely little beret is the perfect cap for your little girl. Stylish and inviting for any tiny mademoiselle. The brim is knit in a picot edging, and the crown is full and sharply tapered to give it that quintessential beret shaping. This pattern was created by a designer in Lyon, France. The hat can be knit in one of two sizes, 4 to 6 years or 8 to 12 years old. For this pattern, you will need to know how to cast on stitches, knit stitches, purl stitches, yarn over, knit two stitches together, knit into the front and back of a stitch, pull yarn through remaining stitches to secure, seam work, tack the brim into place, and darn in ends. This hat, for an average knitter, should take approximately four hours to complete. The model was knit in Katia Merino 100%, color 49 and is modeled by my 4 year old daughter, Angelique (wearing the smaller size). Materials: Two small skeins medium weight aran sized yarn (each skein approximately 50 g = 102 m or 1 ? oz. = 111 yards. A set each of size 4 and 4.5 mm (US size 6 and 7) knitting needles. Darning needle Scissors
