Start NOW and Discover How to Quickly and Easily Train Your Dog Using Simple Science and a Step-by-Step System that Will Produce Successful Results That Your Dog Will Love, and You Will Too! How you can train your dog, young or old, Yorkshire Terrier or Wolfhound and get astonishing results. By David Jack Russell. Lets make this simple... and take it from where the need for dog training usually starts\* You may have just collected your new pup and you know that good habits should start early along with all of the fun.\* Or maybe, youve had your dog for a while now and are finding it barks quite a lot, it jumps up at your friends or runs off when you go out with it.\* And however hard you try, all efforts to control it and however loud you shout, achieves nothing! Basically, your dog is doing its own thing and youre seemingly unable to do anything to change things. Do any of these situations ring true for you? Of course, I could have added other issues here, but at least you get the idea. One dog thats getting out of control and its starting to almost drive you crazy! Are you just a tiny bit frustrated with all this, and just wish you could train your dog to do what you want it to do for a change? Well, I have the news youve been waiting for! But first, let me explain and why should you listen to me! Im David Jack Russell and I am addicted to dogs! Its a joy to have well trained dogs and Ive had them for some 28 years now. And yes, my dogs (I have 5 of them!) are well trained! But it wasnt always this way, thats for sure! In truth, I admit that in the beginning I wasnt good at training dogs so I know the frustrations of out-of-control dogs! I tried all sorts of tricks and techniques, but with no lasting success. And in those days there were no fancy video training guides - and pretty and as nice as some of them are, they wouldnt have made a scrap of difference! Why? Because those Ive seen

dont get to the heart and mind of the really essential scientific issues about dog training. And whats more the tricks we see are clearly being performed by already well trained dogs. What use is that to you? So watching dog training videos isnt the answer, so what is? In a nutshell, I have distilled relevant research and practical learning into a simple, yet effective step-by-step dog training system that your dog will thrive on and you will too!
