

## Time & Space Omnibus (Gender Swap Age Regression Fiction)

Three tales of gender swap age regression in space! In the first story, the crew of a military ship returning to their home planet find themselves first changed into women and then getting younger and younger. In the second story, two scientists on a smugglers ship are turned into women who keep getting younger. And in the third story, a distress call brings a platoon of Marines to a distant planet, but on the planet they're turned into women who find themselves getting younger.
