

Shapers of Darkness: Book Four of Winds of the Forelands

The Forelands are at war. The magic-wielding Qirsi and their Eandi masters have mobilized their forces. The Eandi have had to look beyond past differences to make alliances for the sake of the future, praying it isn't too late for them to change the outcome of the war. Tavis, an Eandi prince who was framed for murdering the princess to whom he was pledged, and endured torture before winning his freedom, has at last avenged her death. Still, the murder and its aftermath have brought war to the Forelands just as the Qirsi conspirators who bought his love's blood had intended. Now Tavis and Grinsa, a Qirsi shaper with more powers than he reveals, who saved Tavis when nobody else would believe his innocence, venture across the Forelands, risking death to help save the land they love . . . A powerful Qirsi weaver has brought this terrible war to the land, bending the minds of those he controls and of his enemies in an effort to forge alliances and mobilize forces to destroy the Eandi. His powerful magical ability estranges lovers, betrays leaders, and wreaks murder and death throughout the land. But even with his powerfully malign intelligence, he underestimates the mettle of his opponents. In a psychological duel with Grinsa, the Weavers' formidable powers are sorely tested. Grinsa withstands the Weavers' most powerful attacks at nearly the expense of his own life, and in the process discovers the Weavers' identity. Will Grinsa's challenge to the Weaver spell the end of the Weavers' reign of doom? Or has Grinsa's discovery come too late to help the Eandi cause? The answers lie in the growing war that may sunder the Forelands forever.
