

Forbidden Heat

Payton Llewelyn, daughter to the cat-shifter alpha, wakes up with a throbbing head and a bullet wound to the hip. Recalling the events that led her there, the scent of a shifter permeates her senses not that of a cat though, but of a wolf. Damien Lowell, future pack leader of the wolf-shifters, has found himself in an impossible situation. Cat-shifters and wolf-shifters aren't friends, and what Payton doesn't know is that his father is behind her attack. He only meant to prevent her from being kidnapped, and he now has the wounded princess of the cat-shifters in his custody. But when the heat becomes too much to handle, Damien and Payton must choose whether to follow their instincts or question the forbidden.
