

## The Chronicles of the Dragon Key: The Gathering for the Key

At more than 400 years old, Vertrimyre is the longest lived wizard in history. He's seen and experienced many, many events throughout his long years. Now his experience and knowledge tell him that danger lurks on the horizon. Because of a hidden prophecy fore-telling the fall of man, Vertrimyre must find the answers that can stop the evil that is spreading across the land. Demons are rumored to be roaming in the world of man. The only thing that can kill a demon is dragon fire. The problem is there are no more dragons on Drastenon. The answer revolves around a crystal key that has been broken into three pieces and hidden in three secret places, a female child born with immense power within her, and the courage of a few brave people. Vertrimyre knows they may never return from this journey; that it will be neither easy nor safe. First they must find the missing pieces of the key and the child because everything hinges on that.
