

The Sevenfold Spell

Have you ever wondered what happens to the other people in the fairy tale? Things look grim for Talia and her mother. By royal proclamation, the constables and those annoying good fairies have taken away their livelihood by confiscating their spinning wheel. Something to do with a curse on the princess, they said. Not every young lady has a fairy godmother rushing to her rescue. Without the promise of an income from spinning, Talia's prospects for marriage disappear, and she and her mother face destitution. Past caring about breaking an arbitrary and cruel law, rebellious Talia determines to build a new spinning wheel, the only one in the nation--which plays right into the evil fairies' diabolical plan. Talia discovers that finding a happy ending requires sacrifice. But is it a sacrifice she's willing to make?
