

The Silver Trumpet: An Adventure

YOU HAVE TO GO AWAY. Please. You're not safe here. When 11-year-old Penelope Oaks moves into a new house, she begins to receive mysterious notes. Who is sending them and why? How do the messages keep appearing in her room when there's nobody in the house? Finding out takes her on an incredible journey, facing giant snakes, terrifying trolls, fiendish magical devices and the wickedest witch that ever lived—armed only with a skipping rope and a pair of secateurs. Part ghost story, part mystery, all adventure, *The Silver Trumpet* is a modern faerie story in the spirit of the classic Narnia tales for children aged eight and over. The *Silver Trumpet* is written in short, snappy chapters to aid guided reading and instill a love of books in the Disney-Channel generation.
