

Being a New York lawyer is hard, but being a vampire is even harder. Ten years after she was kidnapped and forcibly transformed into a vampire, Bea Jones has rebuilt her life. Hiding away her past by changing everything about herself, she has tried her hardest to forget. Now things are rapidly changing for her, and if she's not careful she might just forfeit her life to the man that changed her ten years ago. Time is running out now: the man from Bea's past hunts her still. If her nightmares are any clue, her past just might be closer than she ever feared...
