

Triad (Sisters of the Storm Book 1)

Three of them are born at once. Some say they are gifted - Chosen - by the gods. Others say they are so aberrant even the gods cannot stop them from existing. Three of them living at once is unprecedented... and dreaded. Aleena is a gifted warrior who only wants the world to leave her alone. Anlon is an equally gifted warrior who wants the world under his boot. Baezha is a gifted witch whose intentions are unknown, even to her. Both Aleena and Anlon are skilled, proud and jealous. Their rivalry is inevitable, yet Aleena knows Anlon is a brother in addition to a rival. Jealousy, mercy, forgiveness and vengeance threaten to consume all she loves. Yet what of the third Chosen, Baezha, a powerful sorceress quietly watching the other two? And will the gathering of this triad result in balancing the equation into order or unbalancing it into further madness?
